

TOGETHER AGAIN

Share new skills with your special person

Materials: Worksheets, Cuzzie Jr. stuffed bear from the Together Again Kit (optional), Cuzzie Jr. templates, pencils, markers, crayons

Directions: Read the worksheet, complete the activity and discuss with the Group.

When your special person was away on deployment, you were growing and learning new skills.

Let's get creative! Tell your special person what you've learned!

Today, we're going to explore the new skills we learned while our special person was away.

We'll use the patches on Cuzzie Jr. to help us out. The patches will represent new skills we've acquired while our special person was deployed. It will help our special person understand how we've grown since they left.

STEP ONE

Cuzzie Jr. has patches of different colors all over his body. Each patch will represent a new skill you've learned while your special person was away serving our country.

After you identify a skill you've learned, write it on a patch on the Cuzzie Jr. template. Try to write a different new skill on each patch. If you'd like, you can color and draw pictures on your patches.

STEP TWO

When you go home, share the Cuzzie Jr. template and the skills you've acquired with your special person. Discuss that even though your special person was away from home, you've been growing and learning new things!
